BTD	References	28-03-2025

INDUSTRIAL PHYSICS, as a global test & measurement partner, offering top-quality test and measurement solutions across sectors needs an experienced and reliable translation service partner.

BTD SERVICES has been our provider in the field of specialist translations in different language combinations since 2016. The materials sent for translations include mainly equipment manuals and specifications.

All the projects have been always carried out diligently and on time, maintaining the highest quality of the translations.

Therefore, we can honestly recommend **BTD SERVICES** as a top and trustworthy business partner.

Yours sincerely

i. A.
