SUBJECT › RECOMMENDATION LETTER

February 5, 2025

DMS Imaging, a global provider of digital radiology solutions, requires an experienced and reliable translation partner to support our operations.

Since 2019, we have collaborated with BTD SERVICES on various translation projects, primarily involving medical equipment manuals and specifications across multiple language combinations.

As high-quality documentation is essential to us, we set high expectations. BTD SERVICES has consistently met these expectations, delivering professional, high-quality translations on time.

We highly recommend BTD SERVICES as a trustworthy and top-tier business partner.

Yours sincerely,

Idell MARIN

Marketing Manager
